Dental Extractions Authorization Form

Scottsdale Veterinary Clinic
7311 E. Thomas Road
Scottsdale, AZ 85251

Client Name: _____ Patient Name: _____

Breed: _____ Age: _____ Color: _____ Sex: _____

Phone number where I can be reached today 9am-9pm:

1. _____

2. _____

_____ 1. Please extract any teeth that are diseased. Extractions range in cost from \$28 to \$228 each.

I understand the cost for **full-mouth** extractions are:

\$1268.22 for cats

\$1547.52 for dogs weighing less than 35 pounds

\$1912.92 for dogs weighing greater than 35 pounds

(Extraction **does not** include the costs of: dental cleaning \$270, prescribed pain medications and antibiotics, these will be additional costs that I authorize)

_____ 2. Please extract teeth up to a budget of \$_____ .

*I understand this budget may **not** cover expenses associated with all recommended extractions; I also understand that the cost of the dental cleaning \$270, prescribed pain medications and antibiotics must also be considered) Extractions range in cost from \$28 to \$228 each.*

_____ 3. Please call me with an estimate prior to performing any extractions.

(I acknowledge that my pet will be under anesthesia during this phone call attempt.)

If I am unable to be reached, please:

_____ a.) Follow Instruction #1: extract as necessary

_____ b.) Follow Instruction #2: follow allotted budget

_____ c.) Do not extract and wake my pet from anesthesia. (If extractions are desired later I understand anesthesia will be required a second time incurring a second charge of \$411.42 for 1hr.)

**Please
Initial:**

Your pet's teeth are held in place by the periodontal ligament, and over time dental disease can cause this ligament to deteriorate. When the tartar is removed by scaling during the dental procedure, many times this then results in a tooth or multiple teeth falling out, especially in pets with higher grades of periodontal disease.

Signature: _____ Date: _____

Please initial if you would like for your pet's teeth to be saved: _____
